# **Turkcell Global Bilgi Has Started to Give Service to Coca- Cola Beverages**

**Turkcell Global Bilgi has started to provide call center service to Coca-Cola Beverages and Damla Su, a Coca-Cola Beverage brand.**

Turkcell Global Bilgi continues to grow by adding Coca-Cola Beverages, one of the biggest beverage companies of the world, in its service network.

**Turkcell Global Bilgi Domestic Development Deputy General Manager, Akin Akalin, made the following statement about the subject:** “As Turkcell Global Bilgi, we have been working hard since the day we were established in order to provide our customers with the best service as their business and solution partners. We offer solutions appropriate to the changing and developing customer needs and keep the customer satisfaction at high levels at all times. With this service mentality, we are the market leader in Turkey working with over 70 companies in different sectors that we provide services to with 12 thousand employees in a total of 24 locations both domestic and abroad and we are the best call center in Europe. Our customer satisfaction oriented approach, need-based sectoral solutions, technological infrastructure, expert staff and 15 years of experience enable us to be the first preference for many companies both in private and public sectors. I have no doubt that we will also make Coca-Cola and Damla Su feel a unique customer experience from now on. May our business partnership be beneficial for all.”
